

WALK & TALK

Engaged & Inspired – Together

- 1) Your engagement story: Talk about the organization you are from
 - What does your organization do? Who is it for?
 - What is your role? What do you do in practice?
 - Share a moment where you felt proud, or made a difference

- 2) What inspired you to join this seminar?
 - Imagine you create a project with someone from another Nordic country: What would you do together? Who is it for? What kind of difference would it make?

- 3) How do young people use nature in your country? Or why do they not use it?
 - What kind of activities do you like doing in nature?
 - How can nature help bring young people from different cultures together?
